

CUBIQ
united services

ABOUT US

CubiQ was founded in 2014 by a young group of individuals with a joint experience of over 25 years in the Iraqi market, specializing in fields such as General Trade, Construction, Catering and contracting.

Starting with a number of basic life support and catering contracts with international Oil and Gas companies in the Kurdistan Region of Iraq, CubiQ quickly branched out into other fields and sectors and now provides a wide range of services across the country.

We have invested in a young yet experienced workforce, dedicated to providing effective, turnkey solutions for our clients and have built prosperous business relationships with International companies all over Iraq.

Camp Construction – Prefabricated/ Modular Buildings

Our experience in prefabricated camp supply allows us to offer a complete turnkey operation for your site that includes design, supply and build of the camp itself. Working with our specialist construction partners we can provide a fully operational camp in the world's most remote locations.

Through careful design we deliver high quality camps that are fit for purpose and cost effective to operate. We understand the costs involved in working in remote locations and we work closely with our clients to make sure the cost of their camp is in line with predicted budgets keeping cost uncertainty to an absolute minimum.

Heavy Machinery – Rental/ Supply

CubiQ offers the ability to source, lease, supply and maintain a wide range of heavy machinery throughout the country. We work directly with authorized dealers in both the Middle East and Europe, providing only reliable machines that we can guarantee will support your mission.

Our workforce includes a team of highly experienced mechanics ensuring a 48 hour turn around for any breakdowns and a scheduled service for your machines that is completely managed by us, leaving you to focus on your mission ahead with minimal distractions.

Vehicle Rental & Supply

As a partner we understand your business priorities cannot be managed with a “one-size-fits-all” approach. We will work with you to understand how your fleet supports your business needs and develop the solutions that doesn’t just fit the job, but also fits your business. From trucks that accommodate your own branding, to specialized options and equipment and adjustable rental terms with flexible payment and billing options.

CubiQ has the resources and flexibility to develop customized rental programs that are structured for 3 to 12 month contracts, or for requirements that are monthly, weekly, or even daily rentals.

Basic Life Support

CubiQ provides the following Life Support Services:

- Waste Water Disposal
- Hazardous/ Non Hazardous Waste Removal
- Housekeeping
- Raw Water Supply
- Potable Water Distribution
- Laundry Services

Catering Services

At CubiQ, we make it simple to arrange Catering for your office, camp site or event. From routine office snacks to offsite customer gatherings, from 10 to 1000 individuals, we have an answer for you. Our chefs are trade qualified in hospitality (Commercial Cookery) or industry equivalent Menus tailored to suit 12 or 24 hour operations.

Fuel Supply

CubiQ provides full service fuel for high-quality petroleum products, renewable fuels, biofuels and specialized liquid drilling products. Our turnkey services extend from the pipeline to the gas tank, and as a reliable fuel supplier, we are committed to maintaining unparalleled quality, distributing high quality products to gas stations, Camp sites, truck stops, fleets, and refineries.
